

# TIGER SAFETY SHOE

## FOOT PROTECTION

### 1 OVERVIEW

The Tiger is a classic addition to the VR6 range. Crafted in luxurious full grain leather with padded fabric lining and contoured, double shock absorber footbed. The padded collar and 3D PU/Rubber shock absorbing sole make this shoe a comfortable winner.

### 2 FEATURES

- ❑ Water Resistant and Breathable
- ❑ Keeps You Cool In Summer, Warm In Winter
- ❑ Ensures High Slip, Heat and Abrasion Resistance As Well As Comfort
- ❑ Heat Resistant To Approximately 300°C
- ❑ Speed Lacing System
- ❑ Full Length Replaceable and Washable Footbed with Double Shock Absorbers

### 3 PRODUCT SPECIFICATIONS

**CE Specification:** EN ISO 20345:2004 SRC HRO

**Upper:** Water resistant and breathable. Waxy full grain leather. Reinforced stitching and bound bellows tongue edge for extra strength. Speed lacing system. Deep padded scoop collar.

**Lining:** Padded fabric – moisture wicking and highly breathable. Cool in summer, warm in winter.

**Footbed:** Full length replaceable design with double shock absorbers. Supports and cushions. Washable.

**Toecap:** Wide fitting composite. Resistant to impact of 200 Joules. Thermal insulating.

**Protective Midsole:** Flexible corrosion resistant steel.

**Sole:** 3D – a clever combination of 3 densities of polyurethane and Rubber. Ensures high slip, heat and abrasion resistance as well as comfort. Multi-directional tread ensures good traction in a variety of conditions. Heat resistant to approximately 300°C.

**Size range:** 3 (36) – 13 (48)
